

Short Structure of Business Forum:

- 1) Group of business minded business owners who are running business as a full time activity to share contacts and the experience in a call in a structured manner.
- 2) Desired Frequency of a call - Weekly over Video (online).
- 3) Monthly seminars and workshops on business and profit improvements. Or activities designed to get higher profit in existing business.
- 4) Not required to close existing business while exploring other opportunities.
- 5) Exclusive registrations - i.e. one registration per business segment (e.g. if you are dentist, no other dentist would be allowed at the given location to be member). If more than one person from any industry is observed to be participant of the group aBusiness reserves right to remove any one. Decision would be taken based on the tenure and contribution to the group as observed by aBusiness or its representative.
- 6) Increasing membership pricing. It means aBusiness may charge higher amount to new members as the number of participants increase.
- 7) If any member do not get connected within 5 minute of starting in two successive calls (online video conference), he or she would be treated as a new member and tenure would be reduced by one month for calculations as in point 5 and 6 above.
- 8) Points structure designed for all members for doing a good job e.g. for giving referral business to other business owner (Points to be given by the business who receives a favour after verification and realization of payment).
- 9) Few of above systems are under development and active members would be informed about the launch or upgrade to existing system. These systems would preferably be online.
- 10) Every members speaks in a given format for at least 2-3 minutes in a structured way.

Format of speaking (2-3 minutes)
